# ABOUT US

It all began in **1954**, by the relentless curiosity and entrepreneurial spirit of young **President Alfonso Marciano**, who, just 17 years old, approached the universe of shoes with humility, a keen sense of dexterity and great responsibility.

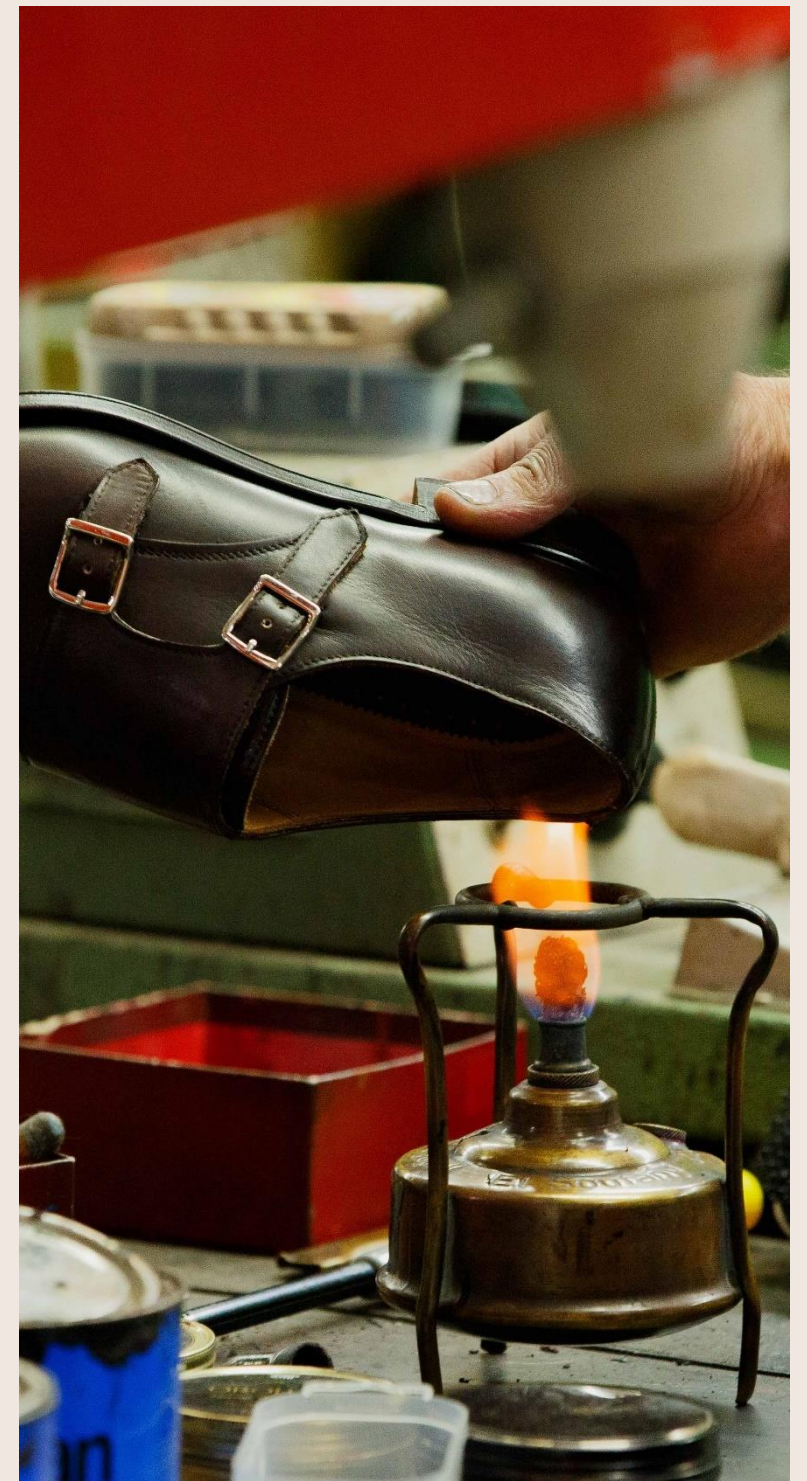

Mr. Marciano has been able to expand his business all over the world, being always a mentor and inspirational leader for **all his children**.

In this regard, today, that dream undertaken by Mr. Alfonso continues and is passed down in the family with immense dedication. The cooperation between **the second and the third generation** drives the storytelling, revealing courage, tenacity and inexhaustible ambition.
